**Emergency use of a test article**

Cayuse HE ID (if known)

Test article used

Investigator (physician who administered the test article)

**Independent physician certification**

I have reviewed the determinations made by the investigator regarding use of the test article and I am providing an independent determination that the four conditions below have been met:

1. The patient was confronted by a life-threatening situation necessitating the use of the test article.
2. Informed consent could not be obtained because of an inability to communicate with, or obtain legally effective consent from the patient.
3. Time was not sufficient to obtain consent from the subject's legal representative.
4. No alternative method of approved or generally recognized therapy was available to provide an equal or greater likelihood of saving the patient's life.

By submitting this form, I certify that:

- ◆ I am independent from the clinical investigation of the test article
- ◆ The information within this form is accurate and complete
